

Buangor Primary School

Fostering Learning For Life

Dear Parent,

From time to time teachers like to include short visits to a local attraction/venue in their teaching/learning programs.

While we send home notices to parents giving details of excursions, times, costs etc, occasionally something of interest may come up at short notice that we are invited to attend. We will also be continuing with our daily fitness walks, when weather permits.

I grant permission for my child to attend local excursions/activities as part of the teaching learning program at Buangor Primary School during the school year.
I also consent to the teacher in charge obtaining on my behalf, medical surgical anaesthetic treatment as may be deemed necessary in the event of being unable to contact me.
